

Good morning,

I hope this finds you well. My name is Olivia and I am one the Director of Events with the Western Sign Language Club at Western University. Our club is dedicated to promoting and teaching ASL, as well as spreading awareness about the d/Deaf community. We're a group of passionate members eager to deepen our understanding of ASL and engage actively with the community.

We're reaching out to explore potential group volunteering opportunities within the London, ON area. This year, one of our goals is to build a stronger connection with the d/Deaf community in London, and we would greatly appreciate your guidance in making this happen.

Additionally, we're interested in hosting a fundraiser to support your organization and its impactful work. Could you share some insight into this process or any steps we should follow?

Thank you very much for your time, and I look forward to the opportunity to collaborate.

Kind regards,

*Olivia (she/her) | AVP of Events
